CSC 424 – Software Engineering II

Spring 2017

Prof. Lindy Nelson

Sprint Retrospective – Sprint Number

## Table of Contents

I. [What went well?](#)

II. [What went wrong?](#)

III. [What could improve?](#)

### **I. What went well?**

Our team communication in meetings work really well. Things were sequenced and flowed well moving forward. We had good organization.

### **II. What went wrong?**

Sick scrum master failed to communicate with team about rescheduled meeting. Team didn't check documentation requirements. We didn't actually use Trello.

[Return to Table of Contents](#)

### **III. What can we improve?**

We need to work on having more timely feedback. Commit to meeting when agreed. Team needs to add story points in addition to difficulty rating.
